Dear Mr Weisberg:

Please find enclosed a check for $6.25 to cover the cost of "Whitewash IV." I'd like to say that the job you've done only mirrors your past excellent efforts at bringing the light to the JFK assassination. Your books are heavy on details but always enjoyable and very readable. I noticed in "IV" that you made a few references to "Post Mortem". Please let me know if this is available and if not keep me in mind as to when it does in fact become available as I have quite a large library dealing with the JFK murder and I keep your books on the top shelf. Once again thank-you for the efforts that you've put forth in the past and much success in the future!

Sincerely,
Robert W Huckabee Jr
